

Provender Samba

Combination Vending

Benefits

- Samba, with its neat and understated aesthetics, looks good in any environment.
- Rated as 'A+' on the European power consumption-labeling scheme.
- Flexible layout that can offer both snack, cans and bottles.
- Softvend elevator dispensing system stops products dropping from a height and allows a bigger range of products to be vended.
- Option for 5 direct select buttons.
- Special tray for sandwiches and baguettes.
- Narrower design fits through standard doorways.
- Can dispense fresh food in temperature monitored zone.

Suitable For

- A wide range of environments, particularly for locations that require fresh food or glass bottle vending with soft delivery mechanism.

Product Selection

- Selection of snacks, confectionery, fresh food and cold drinks (can and bottle) from the leading brands.
- Excellent capacity/size ratio.
